

NO STRIKE IN COAL FIELDS, THE DECISION

Miners Decide To Accept The Nineteen Three Scale At Convention Today.

WILL CONFER WITH OPERATORS

Decided Change Of Front From The Opening Of The Convention Three Days Ago--Report Of Scale Committees.

(By Associated Press.)

Scranton, Pa., May 5.—There will be no strike in the anthracite coal fields this year. This decision was reached by the scale committee at their session yesterday, which lasted far into the night. It was foretold by President John Mitchell and others this morning before the committee made public their report.

CHANGE OF FRONT

It has taken careful maneuvering to bring this about and coal heads have been necessary to control the deputies in their eagerness to do what they considered right for the unions they represented. President Mitchell and other labor leaders addressed the convention this morning and their talk fully forecasted the report of the scale committee which came later.

SUSPENSION ORDERED

The suspension order was raised and the miners are to be allowed to go back to work under the Nineteen-Three scale. This scale is the award given by the anthracite strike commission at the time of the troubles in nineteen hundred and three, at which time the president intervened and the strike was settled.

COMMITTEE'S REPORT

The scale committee, appointed yesterday to discuss for final reference to the convention as to what should be done, made their report at the conclusion of the speaking. They recommended that the miners go back to work on the basis of the Nineteen Hundred and Three wages which were awarded to the miners by the special strike commission.

REPORT ACCEPTED

The report of the scale committee was accepted by the convention with no opposition and the convention adjourned until Tuesday next to allow the scale committee time to confer with the operators.

THE REPORT DETAILED

The report presented by the scale committee and unanimously adopted by the convention, recommends work be resumed on the basis of the award by the 1903 commission for a term of years to be mutually agreed upon between the operators and miners' committee, provided all the men now out are reinstated in their former positions. A telegram was sent to President Baer of the operators' association, requesting a conference in New York city on Monday.

AMERICAN MOTHERS TO HOLD CONGRESS

Meeting Will Be in Session at Los Angeles During the Next Week.

(SPECIAL TO THE GAZETTE.)

Los Angeles, Calif., May 5.—The advance guard of delegates and visitors to the National Congress of Mothers, which meets in annual session in Los Angeles during the coming week, arrived today. The attendance promises to be unusually large. Mrs. Frederic Schott, of Philadelphia will preside over the gathering and many noted women will be among the speakers. The topics slated for discussion include the following: The child in the home, in the school and in the state; Deficiencies in child care revealed by the juvenile court; How to help the delinquent girl; Probation work; the runaway and the truant; Child labor; Moral education; the theory of the Mormon hierarchy, and Marriage and divorce in the United States. Before the convention is opened the location of the next annual meeting is already being discussed. A half dozen cities want it. Jamestown, Va., has sent an invitation to the officers, urging them to bring the congress there during the exposition next year. Atlanta is enthusiastic and will work with the executive committee, to whom is left the selection of a meeting place. Chicago and several other cities are also prepared to make formal application for the gathering. Every third year the congress meets in Washington, according to the constitution.

WAS FIFTY YEARS IN ENGINEER CORPS

Colonel Charles Suter of United States Army, Placed on Retired List.

(SPECIAL TO THE GAZETTE.)

Washington, May 5.—Today, after a career of nearly 50 years of faithful and efficient service as an officer of the U. S. army, Col. Charles R. Suter of the engineer corps was placed on the retired list on account of having reached the age limit for active service. Col. Suter graduated from West Point in 1858 and served through the entire civil war, being promoted several times for faithful and meritorious services. Since the close of the war he has been engaged largely in surveys of the upper Mississippi river and on various engineering works, river commissions, and in charge of fortifications and river and harbor works in Boston, New York and other places.

WOULD AMEND BILL TO BUILD BIG SHIP

Ten-Million-Dollar Warship May Not Be Built After All the Plans.

(BY ASSOCIATED PRESS.)

Washington, May 5.—During the consideration of the naval appropriation bill in the house today Representative Bartholdt of Missouri gave notice he would offer an amendment to the bill providing the secretary of the navy should defer building the ten-million-dollar ship provided for in the bill until after the forthcoming meeting of the second international Hague conference, and should that conference adopt a resolution recommending the gradual naval disarmament of all nations then the ship is not to be built.

ANOTHER INSURANCE COMPANY IS SHAKY

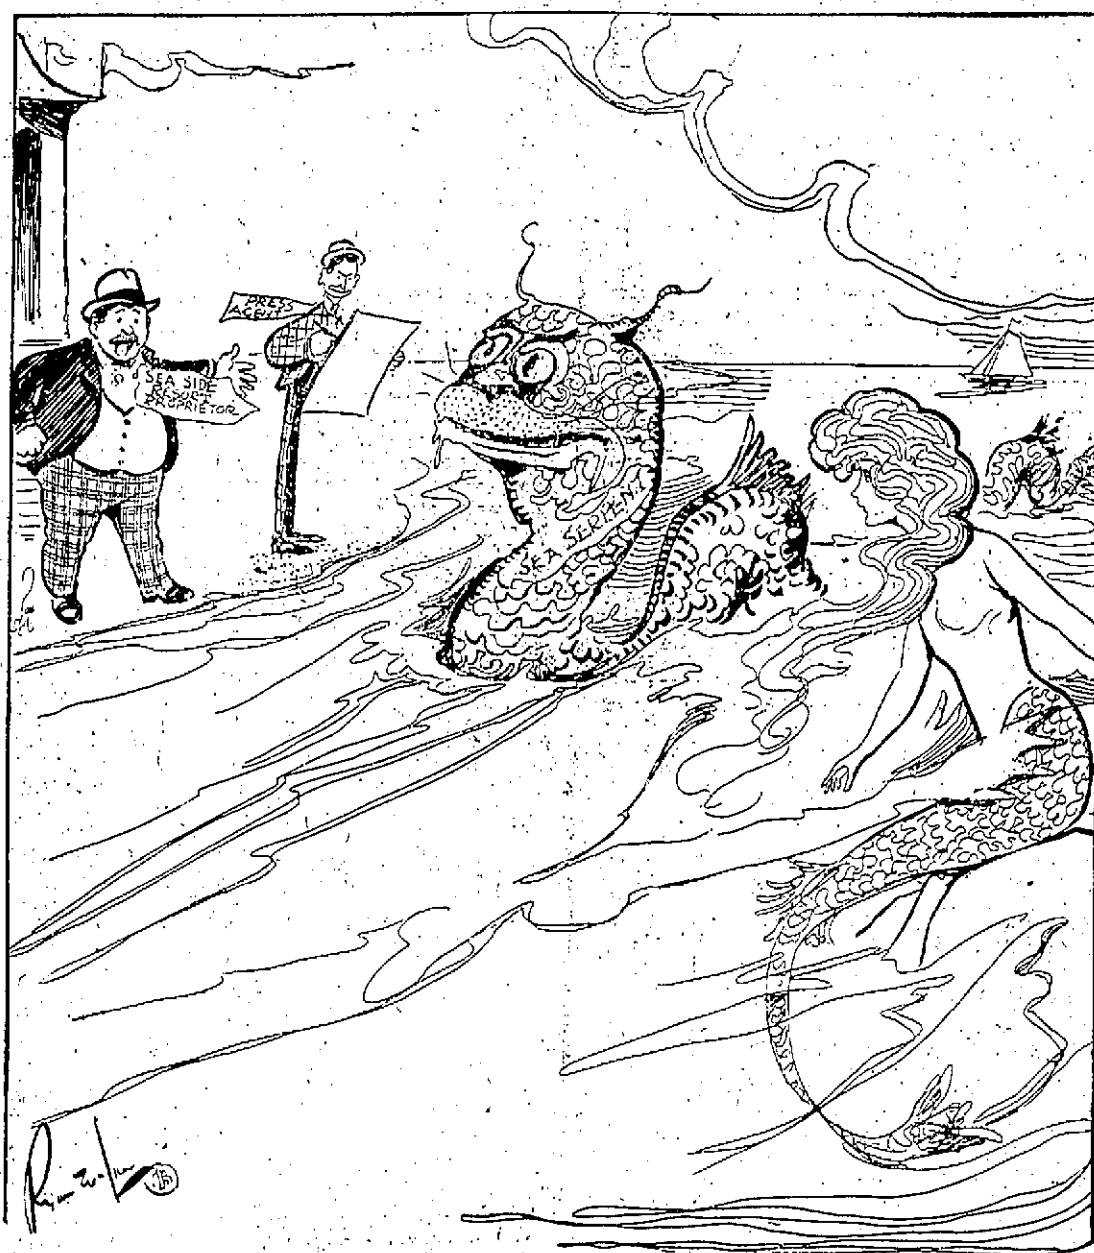

Chicago Concern Has a Receiver Appointed by the Court This Afternoon.

(BY ASSOCIATED PRESS.)

Chicago, May 5.—A petition for the appointment of a receiver for the Traders Insurance company has been filed in the circuit. Byron L. Smith, president of the Northern Trust company, was appointed receiver.

The Traders is one of the largest fire insurance companies in the west. Its distress is due to heavy losses sustained in San Francisco. According to the application for a receiver the liabilities are approximately \$4,500,000. The assets are about \$3,300,000. The bonds of Receiver Smith were fixed at two million dollars.

FACULTY SITS DOWN ON THE "BARB" ACTS

Will Not Allow The Great Crusade Of The "Barbarians" To Be Continued.

(SPECIAL TO THE GAZETTE.)

Madison, Wis., May 5.—The anti-Greek letter fraternity crusade by an organization of "Barbarians" as the non-fraternity students are called at the University of Wisconsin, has received a severe check by the prompt faculty action that has followed the recent hazing of Joseph P. Pfiffer of Stevens Point. He was painted with iodine, his head sheared, and he was finally dunked in Lake Mendota. A faculty investigation followed and two students were allowed to withdraw in lieu of being suspended from the university. The faculty investigation developed the fact that a list of "smart" fraternity freshmen had been prepared and all were to be hazed during the remainder of the college year by the "barb" organization. The summary action of the faculty has placed a wet blanket on the organization's plans. Much sympathy is expressed here for the "anti-fraternity" movement, but the faculty is determined that lawless and violent hazing shall be eliminated.

BEGIN BUILDING OF CITY FOR 100,000

Model Municipality Will Be Erected for Workmen in New Indiana Steel Works.

(SPECIAL TO THE GAZETTE.)

Chicago, May 5.—The stupendous work of building a model city to accommodate 100,000 people has been begun with the clearance of a 600-acre tract on the shore of Lake Michigan in Lake county, Indiana. The new city is to be built to accommodate the toilers in the mills to be erected by the newly organized Indiana Steel company. The plant will cost \$10,500,000, and will be the largest of its kind in the world. The city to accommodate the mill workers will be built and conducted on the lines of the city of Pullman and will contain library, meeting halls, theatre, gymnasiums and other features of public benefit to be maintained by the company.

Knights of Columbus Meeting—Nashville, Tenn., May 5.—No larger or more representative body of Catholics ever visited Nashville than that now assembling here for the exemplification for the first time in the south of the fourth degree of the order. The ceremonies will take place tomorrow and will be attended by delegations from Cincinnati, Fort Smith, Knoxville, New Orleans, Vicksburg, Atlanta, Louisville, Little Rock, Mobile and other cities. Tomorrow morning the visitors will attend mass at the cathedral and will be welcomed by Very Rev. Monsignor John B. Morris.

ERECT MONUMENT TO "LOST CHILDREN OF ALLEGHENIES"

Memorial to Babes Who Wandered From Home and Starved to Death Fifty Years Ago.

(SPECIAL TO THE GAZETTE.)

Bedford, Pa., May 5.—After a lapse of half a century a monument to the "Lost Children of the Alleghenies" has been erected in the mountain wilds of this county and will be dedicated with impressive ceremony next Tuesday, the fiftieth anniversary of the finding of the children's bodies. The story of the lost children—George and Joseph Cox, aged seven and five years, respectively—is a household tale throughout this section of Pennsylvania. It was on the morning of April 24, 1855, that the two little tots wandered away into the mountains near their home in Spruce Hollow. They had followed after their father, who had gone squirrel hunting. The parents immediately became alarmed and the following day, when the children failed to reappear, all the surrounding country was aroused. Fourteen days after they had wandered away, after fully 3,000 people had about given up a search for them by day and by night, the thin emaciated bodies of the youngsters were found in an out-of-the-way ravine in the mountain. The parents of the children are both dead, but the story of their loss still survives and some time ago the "Lost Children of the Alleghenies" was formed by prominent persons of this and adjoining counties for the purpose of erecting a suitable monument. The monument which has been erected in the mountains on the spot where the little bodies were found is a handsome marble shaft five feet in height. On the face of the monument is the inscription: "The Lost Children of the Alleghenies Were Found Here May 8, 1855, by Jacob Dibert and Harrison Whysong." In the base of the shaft will be placed newspaper accounts and other data pertaining to the affair.

SEXTON'S BARN WAS DESTROYED BY FIRE

Located on the Madison Road—Three Horses Perished—Total Loss \$2,000.

Hanley Sexton's barn, located near the Rock River house on the Madison road about five miles from the city, burned last evening and three head of horses perished in the flames. The barn was a comparatively new structure and one of the most commodious in the neighborhood. Fifteen tons of hay and some implements went up in smoke and the total loss is estimated at \$2,000. It is covered by insurance.

Insurance Commissioner Bergh Wants All The Credit For His Actions.

(SPECIAL TO THE GAZETTE.)

Madison, Wis., May 5.—Commissioner of Banking, M. C. Bergh, who is the complainant in the suit to test the constitutionality of the Wisconsin civil service law, denies that the litigation is part of a political conspiracy having for its purpose the destruction of the merit law. It is also insisted that Governor Davidson is not behind the alleged assault upon the law. However, members of the civil service commission declare that the suit is certainly an attempt, not merely to avoid application of the merit system to the department of bank supervision, but has for its main purpose the knocking out of the new system. It is known that in the arguments on the case before the supreme court next Wednesday, the constitutional questions raised will receive most strenuous presentation, rather than the assertion that it was not the intent of the legislature to omit the bank department from the application of the law.

FRENCH ELECTIONS CAUSE EXCITEMENT

Fervent Interest Taken on Day Previous to Voting—Country in State of Unrest.

Paris, May 5.—With the spirit of unrest prevailing throughout the country, arising from the religious dispute, the miners' strike and a number of other causes, it is not to be wondered at that France is awaiting with fervent interest the outcome of the general parliamentary elections tomorrow. The campaign, just closed has been the most spirited in the history of the republic. As far as can be gathered from a careful study of the situation, the elections will result in an overwhelming majority for the government, notwithstanding the bitterness with which it has been assailed from many quarters.

REV. J. W. LAUGHLIN WILL REMAIN HERE

Rumor That He Has Received Call To Illinois City Proves Erroneous.

During the last few days a rumor has been heard to the effect that Rev. J. W. Laughlin of the Presbyterian church has received a call from an Illinois city and was seriously considering leaving Janesville. This has proven to be erroneous. Mr. Laughlin was invited to preach as a candidate for the pulpit in question, which offers a larger salary than that paid here and the free use of a parsonage. In justice to himself he could not entirely ignore this invitation and referred the matter to the church trustees. They took action upon the matter and Dr. Laughlin will remain here.

Walk About New Church: The laying of a new cement walk on both sides of the new Carill Memorial M. E. church edifice has been completed and will be ready for use tomorrow. This is an improvement which has been much needed since the building was opened for use.

Liverpool, May 5.—The new Canadian-Pacific liner Empress of Britain sailed from here today on her maiden voyage to Quebec with a big complement of passengers, including Sir Thomas Shaughnessy, president, and other officials of the Canadian-Pacific railway.

The steamship was given an enthusiastic send-off. Thousands of spectators assembled on the landing stage and cheered as the vessel moved into midstream. Those present on the deck included officials and directors of the company and a number of members of the engineering staff.

The Empress of Britain, with her sister ship the Empress of Ireland, which is to make her maiden voyage next month, is a decided acquisition to the Canadian-Pacific fleet which

already numbers six vessels, including the new Empresses and other crafts under construction—thirteen steamships on the Atlantic, six on the Pacific ocean, thirteen on the coast service, fifteen on the inland waters of British Columbia, and three on the upper lakes.

The Empress of Britain is the largest and fastest steamer on the Atlantic route to Canada. In her trial off Liverpool last month she developed nineteen and three-fourth knots speed and may be counted on to complete the passage to Quebec well within a week, thus marking a distinct advance in the Canadian steamship service.

The actual measurements of the Empress of Britain are: Length, 556 feet; breadth, 65 feet; and depth to the upper deck, 40 feet. Her registered tonnage is 14,500 and displacement about 20,000.

There are many new and interesting features on the steamship, among them ventilation and heating by the thermo system, completely changing the air in each department every ten minutes; submarine bell signal; telephones, wireless telegraph apparatus, superb fittings and accommodation, dining saloons, ladies' saloons, smoking rooms, library, music rooms, cafe and children's saloons; several suites consisting of bedroom, sitting room and bathroom; and horseshoe shaped tables fitted in the dining room for small parties.

"SOMETHING ENTIRELY NEW AND NEVER BEFORE SEEN"

Russian People Are Awaiting Anxiously For Opening Of The First Parliament Next Week.

(SPECIAL TO THE GAZETTE.)

St. Petersburg, May 5.—In all those countries of the civilized world in which the people know no other than a constitutional form of government it is difficult to comprehend the intense interest with which the people of this country are looking forward to the assembling of the first Russian parliament next week.

A most elaborate program for the opening of the parliament has been prepared. The ceremony will be attended by the pomp and circumstance befitting the importance of the event. Imperial heralds will pass through the streets summoning the representatives of the people, and an imposing military escort will accompany the czar to the Tauride palace, where parliament will assemble.

Curiously enough, the old Tauride palace has always been most closely connected with absolute autocracy. It was constructed by Catherine II, and bestowed upon Prince Potemkin, her most enduring favorite. In this palace Prince Potemkin gave his last something entirely new, 24 pictures and splendor rivaled the feasts of Nero and the Roman emperors. Potemkin received the guests in a uniform blazing with diamonds and a head-dress so heavy with gems and gold that its weight had to be supported by an aide-de-camp.

The palace was supposed to be modeled after the Parthenon at Athens, but it is far from a pure classic type, being in reality an odd mixture of Greek and Pompeian architecture. From the main building, the facade of which is Greek, with portico columns and tympanum, project the wings which sweep to the rear, enclosing a garden with fountains and statuary. The main entrance is through the portico, which is supported by six granite pillars.

LAKE STRIKE FORCES TRAINS TO LAY OFF

Nearly All the Trains in Ore-Carrying Country Are Laid Off Because of Strike.

(BY ASSOCIATED PRESS.)

Duluth, Minn., May 5.—Nearly all the train crews have been taken off the ore-carrying railroads in this county because of the lake strike. The open pit mines which must ship as fast as they mine have been closed down. Underground miners will operate, putting the ore in stock piles. Hundreds of men are out of employment and before long the number will run into the thousands.

SENIOR CLASS IS NOT DETERMINED

BRIEF RESUME OF THE ASPIRATIONS OF STUDENTS.

DIFFERENCE IN OPINIONS

Many to Go to College, Many to Go Immediately to Work—Small College Problem.

It is surprising in looking over the intentions of this year's graduating class of the high school that so few have made their plans definitely. They intend to do after the present school year. Yet such is the case and there are very few in the class who have made up their minds definitely as to what they intend to do next year. There are, as usual, many who have intentions of attending some higher institution of learning, but the per cent this year is considerably smaller than in the past years.

Janesville has always been well represented at the University of Wisconsin, but this coming year the per cent promises to be very small. Lawrence University and Beloit College have been favorably thought of by a number of the prospective graduates. Whether the small colleges are growing more popular is a question which is of considerable interest to those who are at the head of the schools and colleges and the preferences of the graduates will be closely watched.

Not Decided.
 In taking a census of the high school pupils that will receive diplomas this June it is found that the largest per cent were undecided. Some of these had hopes of attending some college or university, but could not see their way to do so because of lack of funds, while others are deficient in the requirements necessary for admittance to the best colleges. This year instead of admitting a student because they are graduates of a certain course and is of a "credited" school, they must have the necessary unit requirements; that is, they must have some terms of science, language, literature, history and civics. The useful arts are not counted. A number of the undecided are in hopes of making up the necessary unit requirements which they have not attained in their course and at some future time of entering some university for a higher educational training.

Many Teachers.
 An exceedingly large per cent of the girls are expecting to become teachers after they leave school and some already have promises of places in the schools of the country, while others are to first attend a normal school to receive the necessary training for a high school teacher's certificate. A number of the boys state that they expect to go directly to work. Others are going to attend a business college to prepare for professional work.

Is Interesting.
 A review of the institutions elected by those going away is of interest. Of those who have stated their choice the largest group are to attend the Universities of Wisconsin, Lawrence, Beloit and Whitewater. Normal, large percentage of the class have not yet determined more than the fact that they will go to some college.

HEBREW CHARITIES' BIENNIAL SESSION

Prominent Jews From Entire Nation Gather in Philadelphia for Conference.

[SPECIAL TO THE GAZETTE.]
 Philadelphia, Pa., May 5.—The third biennial session of the National Conference of Jewish Charities opens in this city tomorrow, to continue till Thursday. The conference comprises representatives of the various Jewish charitable organizations of the country, and was formed several years ago for the purpose of securing cooperation in efforts to improve the system of charity and to curb certain evils which the various organizations frequently have to contend with. The discussions will cover a wide range of interesting subjects to do with causes of poverty and means of removing them and of aiding the needy. Prominent among those on the program for papers or addresses are Dr. Boris D. Bogen, superintendent of the United Hebrew Charities of Cincinnati; Eugene S. Benjamin, president of the Baron de Hirsch fund; A. W. Rich, president of the Wisconsin Agricultural society; Dr. I. J. Levy of New Orleans; Rabbi A. R. Levay of Chicago; Rabbi Simon Peiser of Cleveland; Dr. Lee K. Frankel of New York; and Dr. Joseph Krauskopf, president of the National Farm school, Doylestown, Pa.

AGED CRIPPLE WAS HELPED TO MADISON

Both Limbs Were Paralyzed and His Railroad Ticket Carried Him No Further Than Janesville.
 Helpless, with both limbs paralyzed, an aged man was taken off a train and left in the North-Western passenger depot last evening. Word was sent to the police station and when Officer Fanning arrived on the scene he learned from the sufferer that he was trying to make his way to New Richmond, where he had a brother and sister, but that he was out of funds and unable to proceed further. City Marshal Appleby secured a ticket for him as far as Madison and he was put aboard the eleven o'clock train.

LAUNCH OWNERS ARE BUSY MAKING PLANS

New Indian Ford Transportation Company Increases Interest in River Boating.

With plans almost perfected for the initial work on the Indian Ford Transportation Company's tracks, at Indian Ford renewed interest in boating on Rock river has been given an impetus this spring. It promises to be a busy year for the launch-owners and much is being planned for the pleasure crafts that are yearly increasing in numbers. The addition of two houseboats to the river fleet and the erection of new cottages up the river have done much to promote the boating. It is surprising to note the large number of boats that now are running between Janesville and Indian Ford.

Not Yet Completed.
 The organization of the boat-owners for the present summer has not yet been completed, but it is expected that every launch-owner will be a member. The name selected is the Janesville Yachting Club. The members of the club have done much in the past to clear the river of stumps, mark the sand-bars and otherwise designate the channels and will doubtless continue on this christianizing work this year. The river each spring slightly alters its channel and in bad places varying posts will be placed. It is not thought that formal races will be held this year, but they are possibilities, including a naval battle at night some time during the summer.

At Indian Ford.
 The navigation will be much improved by the Indian Ford Transportation company at Indian Ford, where transportation overland around the dam will be arranged for. The road will be manned by one large craft, which will run down under water at each end, allowing the largest launches on the river to glide onto it, and will then be hauled up and over the track and into the water on the other side by means of a backgear winch which one man can operate. The stockholders in the company will have free transportation, but others will pay a small fee to the mill hands, who will look after the track and approaches. The work of construction of this road will be begun next week under the supervision of F. F. Pierson, who has drawn the plans and arranged the details of the affair. Everything is ready for the work to begin except a few small essentials which will be taken up in launches.

Direct Communication.
 By means of this land passage of the dam at Indian Ford the launches will be enabled to go up the river through Lake Koshkonong to Port Atkinson with ease and the project is hailed as a great boon and improvement to the navigation of Rock River. The people of Port Atkinson will also be helped by this improvement, as will be the boat-owners of Newville and the people living along the banks of the stream who own boats.

Many Launches.
 There are estimated to be about twenty launches at Port Atkinson and twenty at Newville. These owners are all interested in the railway, as are the many boat-owners of Janesville. Among those who own launches in Janesville are: Alderman Merritt, Class Seales, Walter Felms, Frank Baldwin, E. W. Lowell, Chas. Graves, Frank Pierson, Nelson Carlson, Geo. Rodgers, Westley Allen, Emory Parks, Wm. Parks, John Harlow, Tracy Brown, Frank Williams, Fred Kenyon, Harry Rapson, John Harrington, Mortimer Knox, John W. Bur, John McGee, Geo. McKee, Walter Morrison, Geo. Graves, Bert Van Houten, Dan Whaley, John Lawrence, Frank Wood, Mr. Cannon, L. Gosse.

STUART CHASE WEDDED TO WEALTHY LADY IN OREGON

Former Janesville Business Man Has Made Success of Insurance Business in Portland.
 Stuart Chase, a well-known resident of Janesville for many years, has wedded a lady of wealth in Portland, Oregon. He was formerly engaged in the cigar business here and managed the business now owned by J. L. Spellman. He afterwards engaged in the insurance business and is said to have been very successful in this line in Portland.

JUNK MEN SUDDENLY AWAKE TO ACTIVITY

Discover That They Are Not Going to Like the New Ordinance and See the Mayor.
 Seemingly, after all these weeks of intermittent discussion in the newspapers, it has just dawned on the local junk-dealers that the regulations prescribed by the so-called "junk-dealers' ordinance," passed at the last session of the city council, are going to be onerous and burdensome. Members of the firm of Anton & Arles & Rotstein Bros. awoke yesterday and interviewed the mayor and several of the aldermen. They claim to have secured promises that the measure will be reconsidered. They object, not so much to the license fee of \$25 as to the provisions which require them to make a detailed report each day to the city marshal of all business transacted, together with a minute description of the goods and the sellers of the same.

WILL GROW MORE CROPS THIS YEAR

ROCK COUNTY FARMERS PREPARE TO INCREASE CROPS.

Beet Farmers Are Also Taking Much Larger Contracts This Year.
 The scarcity of tobacco and the addition of a third beet sugar factory in this district are having a salutary effect upon the farmers of Rock county, who are preparing to increase their acreage of both crops, says the Milton Junction Telephone.

The tobacco crop has been gradually decreasing for years on account of a decline in prices until buyers have succeeded in getting all the available supply and it is said are now offering to buy the 1906 crops before they are even planted. With this scarcity the prices are steadily raising and this fact is inducing the farmers to devote more ground to the crop. A prominent tobacco man of this section gives it as his opinion that Rock county will raise more tobacco this year than it has any one year for the past six years and that the 1904-5 acreage will be doubled this season. With the beet crop things are the same. The establishing of a third sugar factory in this district has resulted in better prices and better contracts and agents are busily riding and soliciting more acreage from the farmers.

A NEW MINING CO. ORGANIZED FRIDAY

Another Corporation Formed To Operate And Own Mining Property Formed.
 William Ruger and George W. Wise of Janesville, with J. J. Janieson of Shullsburg, Lafayette county, are the incorporators of the S. & J. Lead and Zinc company, which was incorporated in Madison yesterday. The capital stock is \$50,000. There are now some of the largest and most promising of the southwestern Wisconsin mining companies owned or controlled by Janesville capitalists.

RED SOX WILL OPEN SEASON TOMORROW, PLAYING AT AFTON

Team Strengthened Since Last Year and Is Ready to Meet All Comers.
 At Afton tomorrow afternoon the Janesville Red Sox team will open their 1906 season in a game with the much-tooted Afton nine. Both aggregations have been practicing and are with the exception of one or two positions, which have been strengthened, the same as last season. The lineup will be:
 Red Sox: Afton.
 Hall, c. Beckus.
 Devins, p. R. Ward.
 Hill, ss. Skelly.
 Bahr, 1b. F. Drafiak.
 Caser, 2b. Tracey.
 Carroll, 3b. A. Drafiak.
 P. Schmidt, if. F. Ward.
 G. Schmidt, cf. Blunk.
 R. Brummond, of. Relph.
 Schumacher will accompany the Red Sox team as substitute.

The Red Sox team is ready to meet amateur or semi-professional nines in this part of the country and Manager Hall is now arranging a schedule. The suits used last summer are still in excellent condition, but new Sox and caps of a cardinal hue have been ordered and are expected shortly.

THELIA S.—When the figure is properly developed by the use of the Vaucaire remedy the development remains. It is the most absurd idea that a tonic of this sort must be taken indefinitely. When you are ill and your physician cures you it is not necessary to continue taking his medicine. The Vaucaire tonic will make you sleep better, feel better, look better and no doubt will even make you more amiable. Certainly it is a godsend to any woman who is thin, tired out and fretty.

...FORTY YEARS AGO...

Janesville Daily Gazette, Saturday, May 5, 1866.—Sneaking Around.—Last evening some vagabond secreted himself in an outbuilding connected with the residence of Willard Merrill, Esq., in the Fourth Ward with the evident intention of committing burglary after the family had retired. His whereabouts having been discovered he took occasion to decamp before Mr. M. came home, in his cress leaving two doors open which had been locked.

Picking Them Up.—The sheriff has succeeded in finding more of the property taken from the plundered railroad car. The thieves finding the situation getting rather warm are leaving the goods in careful places in order to have them picked up by police. It is not unlikely that some of the property may be found on the premises of innocent parties, being placed there by the guilty to avert suspicion from themselves.

Caged.—Wm. Canary has met with the fate of other birds of that species, and has been caged. He was arrested on suspicion of knowing something about the robbery of the car last Sunday night, and procured bail, giving his bondmen security on

a piece of property, which somehow he had forgotten had been sold by him. This morning he was again arrested, this time on the charge of assaulting Officer Place, and not having any bail handy he has gone down to board at the Winchester House, and meditate upon the abuses practiced in this country by the abridgement of personal liberty. It looks as if William was a birdling hatched from a bad egg.

Served Him Right.—Some fellow went to the house of Captain Norcross on Milton avenue last night when that gentleman and his wife were absent from home, and ringing the bell summoned the girl to the door. He inquired of her if the captain was at home and was assured that he was not. She then asked of him his name which he refused to give, at the same time putting his hand upon her as though he would shove past her and go into the house. Being of the plucky order instead of fainting she slapped the face of the intruder and shut the door upon him and locked it.

Confratation.—Quite a number of persons were confirmed last evening at Trinity church, Bishop Kemper officiating.

COMING ATTRACTIONS

Ant Life Revealed in Incredible Moving Pictures.

It is a scientific fact as well established as it is little known that ants have a fair claim to rank next in the scale of intelligence. They have their own social organization, their large communities and elaborate habitations, their roadways, their possessions of domestic insects, and

no quarter, nor give any. It is even observed that ant armies have their scouts, subalterns of marching columns, and sappers. In their domestic life they adopt their queen (always distinguished by her size and wings from the worker ants) and provide her with an escort.

These are but a few of the scenes of absorbing interest in the series of moving pictures entitled "Ant Life"

even their slaves. Still more remarkable is the fact that they wage apparently well organized campaigns of war, forming in settled masses and sometimes in detachments attacking a huge foe such as a bumble bee, several of them seizing it, one by each of the legs or wings, and showing their fearless courage by suffering themselves to be cut to pieces rather than let go, but never attacking a flying foe. They appear to ask

to be seen at Lyman H. Howe's new Lifeorama in the Myers Grand on Tuesday next. This series, revealing the arts, science, skill, industry and intelligence of these myriads of denizens of the insect world is notable not merely for its entertaining merits, but even more so for its educational value, and in these respects are characteristic of Lyman H. Howe's always welcome and ever new Lifeorama.

MINERS AWAIT STRIKE REPORT

President Mitchell and Sub-Committee to Decide Vital Question.

Seranton, Pa., May 5.—The United Mine Workers' convention session Friday afternoon decided to refer the entire question to the general scale committee of 35. The reference brought into the situation for the first time since the delegates began to arrive in the city a possible suggestion of peace, though it is generally believed that the majority of the delegates still favor the declaration of a strike.

President Mitchell announced that the entire matter had been referred by the general committee to the sub-committee and Secretary-Treasurer W. B. Wilson. The members of the sub-committee, in addition to President Mitchell, are District Presidents Nicholas, Dettrey and Fahy, and District Secretaries Dempsey, Gallagher and Harlein.

Mr. Mitchell said that the committee would submit resolutions and recommendations to the convention Saturday, but further than that he would say nothing.

Army Captain Attempts Suicide. San Francisco, May 5.—Capt. F. B. Webster, of the Twentieth Infantry, attempted to end his life Friday by cutting his throat. He succeeded in partially severing his windpipe.

Kills Her Benefactor. St. Joseph, Mo., May 5.—Mrs. Serena Lang, aged 65, was thrown down a flight of stairs by Ruth, Mayes Thursday night and received injuries from which she died Friday. Mrs. Lang had befriended the young woman. The assault was made while the Mayes woman was in a frenzy of anger.

Fear Officer Is Murdered. Appleton, Wis., May 5.—Joseph Freund, a German army officer, on the way to Appleton, is believed to have been murdered in Montreal on April 11. He wired Michael Wagner that he had been robbed and money was wired him.

Carries 300,000 Refugees. San Francisco, May 5.—The Southern Pacific company, during the exodus from San Francisco, following the earthquake and great fire, carried 300,000 free passengers. This total is for the nine days from April 18 up to and including April 26.

Thin Hair

Yes! We had noticed that your hair was looking pretty thin, and that it lacked luster and life. But we didn't like to speak of it! Of course you know that Ayer's Hair Vigor is a regular hair-grower, makes the hair soft and smooth, gives it life and strength. This isn't the kind of hair that falls out! And, too, it keeps the scalp so clean and healthy.

TURNING YOUR BACK ON OPPORTUNITY

You have heard Joel Chandler Harris's story of the little chap who went rabbit hunting? He tramped all over searching everywhere for Br'er Rabbit, who had cunningly seated himself on the gun stock.

There's no need for you to hunt all over the country for your vehicles. No reason for going to the "next town," or letting the catalogue houses deluge you with cleverly worded deceptions.

Right here at home is to be found what you need—a stock suited in every particular to the requirements of this section, selected by people who KNOW our folks and their needs; and sold at prices as low as can be obtained anywhere.

Our offerings for 1906 include the newest of the new, with all the late features and touches which increase the usefulness or sightliness. The line is full of desirable things—goods that will please a discriminating taste and the most exacting pocket.

All we ask is a show. Come in and spend a quarter of an hour in seeing. Then buy wherever your money goes farthest.

for years.If a gambler accepts a check from
another gambler that is forged,
cashes it and then wins the money
he cashed it for, who ought to go to
jail?The opponents of the proposed new
fire station should properly inform
themselves as to the exact conditions
of city affairs before they begin their
howls or protests.England has sent Turkey an ulti-
matum and Turkey has ten days to
answer it and then some more days
as well to explain why it did not
answer it.Congress has agreed on the rate
bill and the end of the great and cruel
war is in sight. That is, until the
bill gets back to the lower house and
Uncle Joe sees it.Parisians laid in a stock of canned
goods because they feared another
siege and now they will have the
pleasure of eating it instead of the
fresh food of the provinces.France still believes that it was
timely to have plenty of troops on
hand to awe the great herd of un-
washed that flocked to Paris to cele-
brate May day.So Roosevelt has spoken and the
millionaires on Wall street did not
like the sound of his voice. Standard
oil and all its millions could not keep
the man in the White House quiet
when he found matters were going
wrong in the great trust circles.General Greeley telegraphs that
the conditions in Frisco are again
alarming and that more food is need-
ed. Where are all those millions
that were contributed for the relief
of the stricken city? Have they not
arrived there yet or is there so much
red tape that human beings must
starve before ceremony can be fol-
lowed out?

OUR SATURDAY NIGHT.

Our president, Theodore Roosevelt,
has found a new definition for the
term "muck rake." He has made fre-
quent allusions to the famous journey
of Bunyon's pilgrim in his endeavors
to reach the golden gate. Perhaps
his allusions have caused some of
you to read the good book of "Pil-
grim's Progress" again. Everyone
should read this wonderful journey of
the pilgrim and the trials and troubles
he encountered and the temptations
he overcame. When books were
scarce, when there were no great
traveling libraries, no Carnegies to
endow buildings and civilization was
as it were on the border land betwixt
and between, Bunyon's "Pilgrim's
Progress," Fox's "Book of Martyrs,"
and the Bible were the usual volumes
found on the cabin shelves as reading
matter for the rising generation. This
good old journey of Pilgrim can be
applied to every day life. One lesson
can be taught to the residents of
Janesville and Rock county.Those of you who have read the
book remember the comment
Christian makes on the roads. How
the bad roads hindered the traveler,
stopped his journey for the time be-
ing and discouraged him. Roads in
the mythical regions of the great

journey of Pilgrim could be taken in
every day life in the journeys about
Janesville. Good roads make com-
forted people; good roads demon-
strate a prosperous community. The
old system of the farmers working
out their road tax by a few hours
or days' work in ploughing up and
smoothing over a rough piece of road-
way, would do for the pioneer days,
but today something better is essen-
tial. The old Romans conquered
the world. Their arms and their
standards reached the farthest points
of the then known continent of Eu-
rope, Asia and Africa. Where they
went they subjected the people. They
left behind them one monument that
still stands, their roadways. In Eu-
rope, today, these great Roman road-
ways, all leading towards Rome, are
to be found.

In Europe today the roads, in cities
and country, are finely kept. In the
early days of the pioneer settlement
of American toll road grants were
given to different corporations just
as railroad grants are given today.
These toll roads, the old turnpikes
over which our ancestors travelled
westward to conquer the forests, still
stand. Gradually the forest trails,
marked by trees, the paths across tie
prairies, designated by bones of ani-
mals and natural surroundings, have
become beaten thoroughfares. Civil-
ization has gone further and further
to the west, until today there is no
frontier; no stepping off place from
civilization into the wilds. In the
eastern states today the system of
good roads is being seriously dis-
cussed. Through the middle west
the same question is heard and wise
merchants in progressive towns have
found it to the advantage of their
pocketbooks to endorse the movement
for good roads leading to their city.
Farmers have found the policy of
easy hauls to the markets to be a
saving upon their equipment and
stock, and consequently good roads,
passable at all times, have become
economy for any community.

In the state of Illinois the govern-
ment has taken up the question of
roads and road making. In a recent
bulletin issued by the highway com-
mission, a full description of the
earth road drag and how to make it,
is given in detail. The state has an
official highway inspector who is paid
by the state to aid the road builders
in making good, serviceable roads.
It is a question worth considering.
Good roads mean increased trade for
the city, mean increased traffic, mean
the making of Janesville the trading
center of the county—the market
place of the county. Such induc-
ements should be enough to arouse in-
terest in a project that would better
the entire community. While good
roads might be of special interest to
Janesville, it would also be of inter-
est to the entire community.

Concerted action is necessary to
make any plan of this nature a suc-
cess. There will be many obstacles
to meet and overcome, objections to
be silenced, but when the end is ac-
complished and Janesville is girded
with good highways, the results would
far surpass all expectations. It is
false economy to have shabby and ne-
glected streets. It is not money
saved either the taxpayer or the cof-
fers of the city to have ill-kept
thoroughfares. Bad roads mean lack
of trade; bad roads mean possible
accidents and lawsuits. There is an
old saying so true and true it de-
serves a place in every business of-
fice, corporation or shop: "A stitch
in time saves nine." A crusade for
good roads would be greeted with
gladness by every owner of horses or
wheeled vehicles that traverse the
country. It would be a boon to the
rural mail man and facilitate his de-
livery of the mail. It would make
the coming to town for a few hours
shopping a pleasure. While not
smoothing the road to the golden
gate of Pilgrim it would do much to
aid steps in that direction and a care-
ful perusal of the good old book of
Bunyon's will satisfy you that this
is right.

his stomach will be out of propor-
tion to the rest of him.

Scents a Ruse.
Oshkosh Northwestern: There may
be some truth in the reports that
"Eljah" Dowie is near to death, but
at the same time there are many who
will suspect this is merely a trick to
gain some fresh advantage.

The Ways Of Woman.
(Portland) Oregon Daily Journal:
Juliet N. Strauss, a syndicate writer,
says that women should sit on juries,
because "no man can decide a quar-
rel between two females." But what
woman can do so either without ex-
tending and enlarging the quarrel or
starting a worse one?

Frank Confession; Culture's No go.

literary and musical in Marquette,
but if so we take great pains to keep
it a secret and have a way of being
busy about something else when the
opportunity comes of showing our
appreciation of talented speakers and
vocalists.

Not Quite All.
El Paso Herald: That a
new joke may occasionally be
evolved in the English language
is shown by the current one: "Been
living here all your life?" "Not
yet." It seems passing strange that
of all the duffers who have lived
since the days of Chaucer not one,
at least so say the experts, ever hit
on that jape. And yet it is fairly
obvious, once it is made.

What Fair Did For St. Louis.
St. Louis Globe-Democrat: Some
permanent monuments remain of the
fair, but memories of it as a whole
are a vivid possession that will last
comprehensively. St. Louis is a
much larger city than during the ex-
position, and a busier city in many
important respects. There was no
reaction. That is a striking fact at
the end of two years. The fair
brought complete success and fame,
and was followed by enhanced ac-
tivity and prosperity.

be "The Captives of Plautus." The
book of the play has just come from
the press of the Gazette's department
of printing and is a handsome piece
of printing. It comprises 42 pages
and cover on eggshell book paper and
Rough Princess cover, with the title
done in white and gold. The music
for the piece was composed by Row-

called in Justice Reeder's court at
two o'clock this afternoon, but at
3:30 the attorneys and interested
parties were still in whispered con-
ference. Jesse Earle represented the
plaintiff lady managers and T. S.
Nolan, the defendant. Important pa-
pers, which must be forwarded at
once to the national headquarters,
are in the custody of Justice Reeder,
and must so remain until the issue
is decided by settlement or trial.

MEADER PERRIGO
DEAD AT THE AGE
OF NINETY-NINE

Passed Away at Ten O'clock This Morning at Home of Son in Edgerton.

[SPECIAL TO THIS GAZETTE.]
Edgerton, May 5.—At the age of ninety-nine, Meader Perrigo, one of the pioneer residents of Rock county, passed away this morning at ten o'clock at the home of his son, Benjamin Perrigo, in this city. Up to

MEADER PERRIGO

two weeks ago he retained good physical condition, but since he has been confined to his bed. The deceased was born in Georgia, Vermont, in 1806 and is a descendant of the Huguenots of France. When but a lad the War of 1812 was fought and incidents of this conflict he remembered well and often recalled. His grandfather served the country against the British in the war. In 1827 he was united in marriage with Miss Lydia Stevens and to bless their union fourteen children were born, eight of whom are still living. His oldest daughter is seventy-six years of age and H. W. Perrigo, who lives on Roger avenue, Janesville, is one of the sons. Mr. Perrigo had thirty-nine grandchildren and twenty-six great-grandchildren. Mrs. Perrigo passed away in June, 1893, after living as the wife of Mr. Perrigo for sixty-six years. Their golden wedding was celebrated sixteen years before her death. Mr. Perrigo was possessed of a strong memory and was able to tell of many interesting incidents in American history. In politics Mr. Perrigo was a strong adherent to the Jeffersonian party and supported all of the leaders of that political body.

Mrs. Morris Stack
After a lingering illness with pneumonia, Mrs. Morris Stack, an old and highly respected resident of Janesville, passed away at her home, 660 North street, at half-past eleven o'clock last evening. She was seventy years of age. The six children who are left to mourn her loss are: Mrs. Thomas O'Brien, Mrs. M. Hayes, Miss Nellie Stack, Thomas and James Stack, and Mrs. Thomas McDonald of Chicago. There are also two sisters, Mrs. B. Dugan and Mrs. Anna Kirby, and a grandson, Thomas Clifford. The funeral services will be held Monday morning at 9:15 o'clock from St. Patrick's church.

Jacob Walrath
Jacob Walrath, who passed away suddenly at his home in the town of Fulton yesterday was born February 26, 1825, at Stockbridge, Oneida county, N. Y. When a young boy he came west with his parents. He

JACOB WALRATH

went to California when the rush to that state was at its height, but after a three years' stay on the coast he returned to Wisconsin, coming to Janesville, which was then a village. On January 1, 1855, he was united in marriage with Miss Margaret Doolie and two years ago the couple celebrated their golden wedding. To their union six children, three sons and three daughters, were born and four survive. The living are G. S. Walrath of Churchville, Tenn.; Mrs. Ada Johnson of Chicago; Grant Walrath of Fulton; Mrs. James Earle of the same place. Seven grandchildren and one great-grandchild are also left to mourn. The funeral will be held Sunday at one o'clock from the home.

Mrs. Margaret Buxton-Brown
Janesville, May 4.—The remains of Mrs. Margaret Buxton-Brown arrived on the 12:15 train this afternoon from Beloit and were taken to Maple Hill cemetery for interment. Mrs. Brown was step-mother to S. E. Brown of this city and for many years resided here. For a few years she resided with her niece, Miss Minnie Winston, in Janesville, but when Miss Winston moved to Colorado Mrs. Brown went to Beloit to live with another relative, Mrs. Joseph Clark, at whose home she died. During her residence in this city she was highly

respected, and leaves many friends.

Albert B. Carver
The funeral of the late Albert B. Carver will be held from the home, 653 Galea street, at half-past two o'clock Sunday afternoon. Rev. R. C. Denison officiating. Railroad engineers who were associates of the deceased in his lifetime will act as pallbearers and several officials are expected to be present at the services. Albert Carver was thirty-four years of age. He was born in Pittsford, Mich., where his parents, Mr. and Mrs. A. H. Carver, and a sister, Mrs. Stella Zakes, still reside. He came to Wisconsin in 1895; was married on August 7, 1897, to Miss Emma Pedowick of Janesville; and during that year entered the employ of the C. & N. W. Ry. Co. as fireman. In 1902 he was promoted to the position of engineer. Besides relatives already mentioned, he is survived by his wife and three children—Ralph, Lyman, and Elisabeth.

Mrs. Michael Finley
The remains of the late Mrs. Michael Finley were tenderly laid to rest in Mount Olivet cemetery this morning after last sad rites had been performed at St. Patrick's church. At ten-thirty o'clock Rev. Fr. James J. McGinnity celebrated solemn high mass with the assistance of Rev. Fr. Condon of Madison as deacon and Rev. Dean E. M. McGinnity as sub-deacon. At the close of the ceremony the Dean preached the funeral sermon. The attendance was very large and the floral tributes were very profuse. Six grandsons acted as pallbearers. They were John Lyons, Mack Lyons, John Finley, Francis Finley, Thomas Finley and Michael George.

Alice DuBois
The funeral of the late Alice DuBois, who died at the home of Mr. and Mrs. Frank Mercer Thursday evening, will be held from the Baptist church at Afton at half-past two o'clock Sunday afternoon.

Wilbur Austin
Funeral obsequies of the late Wilbur Austin were held at his home on Pleasant street this afternoon at two o'clock and many loving friends were present. Rev. J. H. Tippet officiated and Mrs. Davidson, Mrs. J. S. Taylor and Mrs. Bagley sang. Six sons of the deceased acted as pallbearers and interment was in Oak Hill cemetery.

PATRICK GARVIN, VEXED
BY BASE INGRATITUDE
OF OLD BASEBALL PAL

Who Walked Off With Whole Bill When He Had Been Accommodated With Small Loan.

Besides being indisposed and confined to his home, Patrick Garvin suffered additional discomfort this morning by being deprived of a considerable portion of his confidence in human nature. An old baseball pal sought him out at his house, broke the news gently that he was broke, and asked for the loan of enough money to buy transportation to Freeport. Without hesitation Mr. Garvin agreed to accommodate him and not having the change handed him a five-dollar bill with instructions to go out and have it broken and return the change. When a reasonable time had elapsed and the old acquaintance had not put in an appearance, Mr. Garvin called up the police department. With officer Brown he sought out the man, getting ready to shake out the dust of Janesville from his feet, and as a just punishment for his ingratitude he was compelled to disgorge not only the change but the whole face value of the bill.

At a farewell party given yesterday in honor of Mrs. J. B. Dearborn, who is soon to make her home in Rockford, the Ladies' Afternoon Whist Club presented the guest of honor with a handsome silver fork, the presentation speech being made by Mrs. M. C. Jeffers. Mrs. Dearborn has been a member of the organization since its inception and her impending departure from the city brings genuine regret to all its members. The entertainment was given at the home of Mrs. C. S. Jackson on East street. After a session at the card-tables a tempting luncheon was served.

The Girls' Club of the Congregational church furnished an entertainment at the church parlors last evening. A musical and literary program in which a number of well-known musicians took part was given.

Mrs. R. Brand of 163 Linn street has returned home after spending the winter in San Francisco and Oregon. She left San Francisco several days before the earthquake.

Mrs. A. Eager and Miss Gertrude Eager returned to their home in Evansville last evening after spending the winter in and near Pasadena, Calif.

This evening Mrs. W. H. Palmer will entertain the Bridge Whist club in honor of her guest, Mrs. George Eluery of Waukesha.

Arthur Valentine and family will take possession of the George McKee residence on Jackson street this month.

Miss Helen Nash is entertaining a number of ladies this afternoon at a company given in honor of Mrs. Frank Behrend.

Mrs. Sarah Hurliman and daughter, Mrs. E. P. Doty, are visiting in Chicago.

Mr. and Mrs. Charles Muggleton have rented the Sam Smith residence, corner of Court and East streets.

Mrs. Charles Kommerer and daughters returned this morning from an extended visit in California.

Mrs. Charles Burmeister of Monroe visited here yesterday.

Miss Jessie Loveland spent the week in Edgerton.

Mr. and Mrs. Charles P. Newton have gone to Beloit to visit over Sunday.

Mr. and Mrs. George H. Sale will shortly move into one of the Woods flats.

LEASER'S TRIAL IS
SET FOR SATURDAY

Bail Was Fixed at \$1,000 This Morning and No One Appeared to Go His Bonds.

Habitual and occasional devotees of the great American indoor game were among the curious who awaited the appearance of T. C. Leaser in the municipal court rooms this morning. It is stated that some after he had arrived, cast impugning glances in his direction as if to beg of him not to drag their names into the trial, but this is, doubtless an exaggeration. The prisoner, charged with passing a forged check, waived examination, through his attorney, T. S. Nolan, and the trial was set for next Saturday morning at 10 o'clock. Bail was fixed at \$1,000 and no bondsman appearing, Leaser was taken back to the county jail. It is understood that several who were participants in the various poker games in which he took part will be called upon to testify.

LOCAL PARAGRAPHS

Murphy League Meeting: The men's meeting at the Y. M. C. A. tomorrow afternoon at three o'clock will be in charge of the Murphy Temperance league. The program has been arranged by this society and A. B. Matheson will speak.

Saved Girl's Life: Dr. W. H. Palmer was called to Monroe yesterday to perform an operation on Margaret Monohan, sixteen year old daughter of Michael Monohan. The young lady was taken ill with an acute case of appendicitis twenty-four hours previous and had not the surgical knife been used when it was an operation would have been useless.

Sprained Her Wrist: Miss Mary Fox, who fractured her lower limb several weeks ago, fell while walking on crutches this week and sprained her left wrist. Luckily she escaped injuring the broken member.

Roy Palmer Hurt: While Roy Palmer was working on a window sash yesterday a piece of glass fell and cut an ugly gash in one of his hands. He is off duty for a day or two.

"Pledge" Expedient Failed: In municipal court this morning Lon Kemmerer was sentenced to spend five days in jail and pay a fine of \$5, if he costs or endures 15 more days behind the bars, for drunkenness. He offered to take the pledge if the court would suspend sentence, but the court brusquely declined to consider this generous proposition.

Laundry Menasha: Benjamin Plowright has purchased the "Twin City Laundry" at Menasha and expects to take possession of his new property shortly.

Mental State Examined: An investigation into the mental condition of Emory Patch, who has been afflicted with a terrible malady since he was injured in the New Dely plant some years ago, was made today, but no decision was reached.

RAILROADS WILL
NOT BE TIED UP

BOTH LINES HERE RECEIVE COAL FROM EAST.

IS COMING VIA THE LAKES

Should Water Traffic Be Tied Up Fuel Could Be Sent Entirely By Rail.

Though the situation in the coal fields and the other labor troubles in the country have put a damper on business generally and there is a universal shortage of coal, there seems no immediate danger of either the Chicago & North-Western or the Chicago, Milwaukee & St. Paul railway companies being tied up for lack of fuel. Both lines long ago completely exhausted the reserve supply which was stored at many points on the systems last summer and of late have been using coal shipped in from the east via the Great Lakes. This has been unloaded at Manitowish and distributed from there.

To Ship Entirely By Rail.
Then on May first came the Longshoremen's strike and the walkout of the lake pilots followed. Consequently there was talk that the source of coal would be cut off. This, however, will probably prove nothing but talk for should the strike on the lakes become so serious that traffic be tied up the coal will be shipped from the east wholly by rail. This would cost a few cents more per ton than by water but the two companies would not let this extra expense lie in the way of maintaining their schedules.

Business Generally Light.
Business is very light just at present. Of course this season of the year is by no means the best, but nevertheless there is less freight moving now than usual and passenger traffic is much lighter. Labor troubles are given the preponderance of blame for this condition. The result is that engineers, firemen, freight conductors and brakemen are drawing less pay now than during the winter and in some departments men are being laid off.
